Squad Profile

The Senior Performance Squad is part of the International & National Pathway. It is designed for senior swimmers aged 16 years and older, ranked in the top 24 in Great Britain in an Olympic event and who aspire to make junior or senior international teams.

The training programme is tailored to individual swimmers needs with a multi-stroke individual medley approach. Members are expected to target a minimum of 18 hours per week in the pool and 3 hours per week for land-based training or more, as required, so as to maintain eligibility to retain their Squad places. Members of this Squad are expected to work towards specifically targeted competitions and fully understand the premise of training and competition cycles.

Priority to swim training and competition over part times jobs or extra circular school activities including participating in school sports and the Duke of Edinburgh Awards Scheme, should be given. Furthermore, swimmers taking a place in the squad must commit to strategically planned training through exam periods and avoid any prolonged periods of missed training for any other reason.

It is expected that Squad members uphold and promote the Club Values at all times.

Minimum Standard

Achieve a top 24 long course British ranking in a single age group in an Olympic Event by the end of the National Long Course Competitions Window (or equivalent) – (May 2026). Priority in the squad will be given to swimmers who qualify on 100m and up events.

Entry & Maintaining Position in the squad

Individuals' membership of the squad will be reviewed on a continuous basis. All key measures must be continuously met. Senior Performance swimmers will be reviewed at the end of the short course season and to maintain their place in the squad they must be ranked in the top 24 in their age group. A swimmer will also be expected to improve their personal best time at the key end of season meet (Summer National Championships). It is imperative that all swimmers demonstrate their ability to optimally perform at key meets during the year.

Movement to other squads / pathways

Swimmers who do not maintain the squad criteria, required work ethic or commitment to the training and competition programme may be transferred to a more appropriate training pathway at any point during the year at the discretion of the coaches.

- Ages as at 31 December 2026
- Special consideration may be made at the Coaches' discretion waiving the age parameters. In reviewing each case Coaches will consider the history of a swimmer's commitment to training and competition as well as their work ethic and maturity.
- The Coaches may waive any of the criteria contained in this document at their sole discretion.
- Please note that standards stated may change without prior notice or justification.
- Graduation from squad to squad will normally take place at the beginning of the new swimming year in September.
- Swimmers missing prolonged periods of training for various reasons (including but not limited to exams, illness, holidays) maybe invited to train with a more appropriate squad until they have regained their fitness or skills levels to the Senior Performance standard
- Due to its variable nature Open Water Swimming will not be considered as qualification to move or to retain squad places.
- Swimmers and/or parents failing to adhere to the clubs Code of Conduct could jeopardise their place in the High-Performance Squads. Procedures will be carried out as per the disciplinary procedures outlined on the Club website.
- Any swimmer attending any swimming activity outside of Guildford City Swimming Club (including a trial at another swimming club or educational establishment) without the express permission of their Coach may be asked to leave High Performance without any prior notice.
